TREATMENT

## 3 months before

**Eyeliner:** stop lash growth serums (bimatoprost and similar).

Brows: same, if you use a serum on your brows.

Took isotretinoin (Accutane) in the past year? Tell me now.

## 4 weeks before

No chemical peels, laser, IPL or microneedling near the area.

**Lips:** lip filler done at least 4 weeks before.

## 2 weeks before

Pause retinoids, retinol, AHA/BHA acids and scrubs on the area.

No sun, tanning beds or self-tanner.

Botox near brows or lips done at least 2 weeks before.

## 7 days before

Skip aspirin, ibuprofen, fish oil, vitamin E, ginkgo and niacin **unless prescribed**.

**Eyeliner:** have lash extensions or a lift removed.

## 48 hours before

No alcohol.

Stay out of strong sun.

Get a good night's sleep.

## Day of your visit

No caffeine.

Eat a full meal first.

Clean skin, no makeup on the area.

**Eyeliner:** contacts out; wear glasses.

## Brows

· Come with brows unwaxed and untweezed for [1–2 weeks] so I can see your natural shape.

· Bring the brow pencil or powder you love.

· Microblading or powder? We'll decide together based on your skin.

## Lips

· Ever had a cold sore? Ask your doctor about prevention before lip work.

· Bring a lipstick or liner you love.

· Keep lips moisturized the week before.

## Eyeliner

· Bring your glasses; contacts stay out.

· Lash extensions or a lift removed 1 week before.

· No eye makeup on the day.

· Tell me about dry eye, glaucoma or any eye surgery.

### PLEASE CALL TO RESCHEDULE IF YOU HAVE

· A cold sore, or a cluster of small blisters

· A sunburn or peeling skin in the area

· An active breakout, rash or irritation in the area

· A fever, cold or flu, or feel unwell

· Found out you're pregnant, or think you may be

· Pink eye or a stye (for eyeliner)

We ask for [__] hours' notice. If it's about your safety, just call. We'll find a new time together.

## Important

Never stop a prescribed medication, including blood thinners, without your doctor's OK. Tell me about everything you take, and I'll check whether we need a note from your doctor.
